

Master Summer School

Leadership Skills for a Changing World

WHAT

A week-long intensive course about leadership skills needed in the future

WHEN

22nd to 26th of May from 2pm to 5pm

WHERE

Online

FOR WHOM

For master's students

JANUARY 2023

Course topics

In 2023 the course will focus on the following topics:

- Inclusive leadership through collaborative storytelling
- Transformational leadership
- Driving sustainability through customer-oriented leadership

The course consists of independent pre-assignments and participation to the intensive week. The intensive week will feature short talks as well as workshops and team work.

JANUARY 2023

Learning goals

After the course students can

- assess their power intelligence
- facilitate and manage collaboration and conflict through inclusion practices
- understand the content of transformational leadership and its benefits
- understand own strengths and development points in the transformational leadership
- explain the concept of sustainability and its role in the marketplace
- discuss and evaluate the role of leadership in driving sustainable change

The course is worth 5 ECTS

JANUARY 2023

JANUARY 2023

Schedule

Application period: until 31st of March
